

Grape Escape South West Tours is committed to environmental sustainability. We strive to balance our economic and operational requirements with our social responsibilities to minimise impact on the environment and surrounding communities. Continual improvement in environmental performance is a key element of our commitment to social responsibility and sustainability.

To assist us in achieving our environmental objectives we will undertake the following:

- Promote a culture of innovation and participation by engaging all stakeholders with whom we engage to contribute to improving our environmental performance;
- Promote the efficient use of energy, reduction of waste and recycling of materials in all of our activities;
- Encourage ethical environmental practice and behaviour including respect for culture and community values;
- Establish environmental targets to support the achievement of a sustainable future;
- Comply with environmental laws applicable to our activities and meet all relevant statutory obligations and codes of practice;
- Assess environmental risks where applicable and implement appropriate risk management programs to continually improve environmental performance;
- Review regularly our environmental performance and take remedial action where performance does not meet expectation;
- Communicate this policy to all our customers and stakeholders to promote environmental responsibility and obligations; and
- Influence our customers and stakeholders to act consistently with our approach towards responsible environmental practices.
